From the very start I should say that it is not an easy thing to speak about myself as it is hard to have a look at yourself from aside, but at the same time who knows you better than you yourself do?

I am a girl of sixteen. When I look at myself in the mirror I see a blond girl with short straight hair, dark eyes and a slender figure. As to my appearance I'm rather tall and slim. I have never thought I'm a beauty, I wish I were more beautiful. I am neither short nor tall, so I like to wear high-heeled shoes, trousers or jeans. I think that I'm even tempered, rather reserved, calm and modest. But sometimes I can lose my temper and become either angry or sad. I like staying alone and sometimes I retreat into my shell. But at the same time, I like my friends, I like to laugh and joke. I have got a sense of humor. It means I understand humor and appreciate it. There are many things in our life I like and some I dislike. I like when everything is OK. Being happy is one way of being wise. I like to study because knowledge is useful sometimes. I'm fond of reading as it gives not only knowledge, but also wonderful moments of joy and pleasure.

I was born on the 25th of April 2006 in Stavropol where I live now together with my parents and my younger sister. My early years, which I remember badly, were typical of a child living in a town. I was born into a family of a teacher and a doctor. I was sent to a kindergarten at the age of three as both my parents were working. As all the children I went to school at the age of six. Here I should say that it was my lucky chance to study for 11 years at the school of fine arts in the town of Stavropol. It turned out to be the best school in our town. There I got a proper training in such subjects as English, Russian, literature and world culture. School for me was not only lessons and learning, I had a lot of friends there. We organized extra class activities such as parties and other social activities. I actively participated in most of them.

Amy works at a restaurant called "La Notte." Amy likes working at the restaurant. She enjoys meeting new people and talking to the customers. The only problem is that the restaurant is open very late, and Amy hates staying up late. She dislikes feeling tired in the morning. Amy really wanted to find a new job, but she was scared to try something completely different. She considered working in a clothing store, but she hates folding clothes. She tried to find a good job in the classified ads, but she wasn't qualified enough for most of them. Finally, she decided to work in a breakfast restaurant. Now she is able to do what she loves without the late nights!

**Schooldays and Work**

As a student, I always had a dread of report card day. I would get so nervous waiting to see my grades. But even though school was tough at times, I knew that it was important to do well and try my best.

Now that I am older, I have started thinking about my future career. I want to be smart about my choices and find a job that I enjoy. Some people follow in their parents' footsteps, like becoming a plumber or working in emergency services. Others pursue their passions, like becoming a choreographer or working in the arts.

When I finish school, I plan to apply for college or maybe even a boarding school. It will be a big change to leave my host family and live on my own, but I am excited to participate in new experiences and meet new people. One thing that worries me is the idea of work shifts. I know that some jobs require you to work twice as hard as others, and that can be tough. But I also know that if I work hard and raise money for my future, I can achieve my goals and be successful. It's important to remember that our choices in life are not always easy. Sometimes we are under threat or face challenges that make us want to resign. But if we stay positive and focused, we can overcome any obstacle and be in charge of our own lives. Even if we feel abandoned or lost at times, we can always pick ourselves up from where we are and keep moving forward. With determination and hard work, we can achieve anything we set our minds

**My family**

Our family is neither large nor small. I have a mother, a father and a sister. We all live together in a three-room flat in Moscow. We are an average family. My father Mikhail Andreevich is 50 years old. He is a tall and well-built man with short black hair and grey eyes. He works as an engineer at a big factory. He likes his work and spends most of his time there. By character my father is a quiet man, while my mother is energetic and talkative. My mother's name is Elena Petrovna. She is a teacher of mathematics and plays the piano well. My mother always has a lot of work to do about the house and at school. She is a busy woman and we all help her.

My sister's name is Christina. Like our mother Christina has blue eyes and fair hair. She is a very good-looking girl. Christina is two years younger than me. She is a pupil of the 7th form. She does well at school and gets only good and excellent marks. Mathematics is her favorite subject and she wants to become a banker, as well as I do. Our family is very united.

**Holidays**

**I'm going to give a talk about holidays.** There are many types of holidays: a cruise, a safari, a camping holiday, an activity holiday, a beach holiday and a backpacking holiday.

**As for me,** my favourite type of holiday is a beach holiday because I like sunbathing on the beach, swimming a lot and taking beautiful photographs.

**Although,** I don't like crowded and dirty beaches, but I think, it's a relaxing and enjoyable type of holidays.

**If we say** about backpacking holidays. I hate this type of holidays because I think it's difficult. You have to climb mountains, make long trips and adapt to weather conditions. **For this reason,** you should be strong and patient.

When I'm on holiday I like taking photographs, going on sightseeing and so on.

**Speaking of other types of holidays** let's talk about activity holidays. If you have physical strength, you love adrenalin and take a chance, and then activity holidays are for you.

I'm going to go on activity holidays. I think, I will go to Egypt next year. I will learn a scuba diving and take diving lessons with an instructor. **Also,** I will drive a quad bike in the desert because it's cool. **Surely,** I will visit historical sites and try local food. I'm sure; I will have a great time.

**Food and Healthy**

Nutritionists have advised of eating a balanced diet. This diet in fact is including of the five main factors of food, and people should eat it with in limited number. I completely agree that there are many advantages of balanced diet, which plays important role of healthy life. There are several significant advantages of eating a balanced diet. First of all, because this diet consists of the main nutrients, which are proteins, carbohydrates, fats, vitamins and minerals, the body can gain the whole needs of them and support it to work properly. This leads to have healthy nutritious organs and tissues. Secondly, due to the increase number of illnesses around the world, fully completed diet is able to protect the human's body from the widespread diseases. Cancers is, for instance, a common one among people. Eventually, if a person strength his immune system from an early age by eating balanced diet every day, it is definitely difficult to be affected with these diseases or even the chronic pains.

**Entertainment**

I am fond of good books and good music, and when I have some time to spare, I like to go to the theatre or a concert. There are more than a dozen very good orchestras in Britain and some of them are world famous. Orchestras in Britain have no concert halls of their own, but play in halls rented from local authorities or private companies. There are 2 big concert halls in London. The Old Royal Albert Hall and the New Royal Festival Hall, which is one of the most modern concert halls in the world. Theatrical performances are given by theatre companies. There are about 200 professional theatres in Britain. Like orchestras, the theatre companies usually play in rented theatres, but there are several theatres which have their own homes. The center of theatrical life is London. London is also the main center of opera and ballet. I am not particularly fond of the cinema. Rather than take trouble of going out to see a film, I would stay at home and watch television.

**High-tech gadgets.**

Gadgets have become an integral part of our lives. From smartphones to laptops, we rely on them for communication, entertainment, and work. They have made our lives easier and more convenient. We can access information and connect with people from anywhere in the world. However, there are also downsides to our dependence on gadgets. We may become addicted to them and neglect our relationships and responsibilities. We may also suffer from eye strain and other health problems. Therefore, it is important to use gadgets in moderation and balance them with other activities. We should also be mindful of our privacy and security when using gadgets. Overall, gadgets have revolutionized the way we live, but we need to use them wisely.
